## TOPIC OF DISCUSSION:

*Please describe in 3 sentences or less:*

I'd like to bring council up to speed with our amazing project and discuss the challenges we are facing in Hillside.

The drug usage, the drinking, the filth, the thieving. The damage and destruction caused is getting out of hand.

We need concrete ways to take our community back. There are a ton of resources but we aren't equipped with the tools or knowledge. These are not people who want help in many cases and we feel besieged.

## What change would you like to see as a result of this meeting?

Solutions on how to deal with the issue of homeless people who act entitled. Ways to move our amazing project forward in a positive and inclusive way - we want to be compassionate but some people make that challenging.
