

COUNCIL POLICY

Tangible Capital Assets

Policy Title	Tangible Capital Assets		
Policy Number	351	Approved Date	2012/05/28
Department	Finance	Last Amended	
Mayor Signature		Last Reviewed	
		Signature Date	

1. Policy Statement

The City of Grande Prairie (City) is committed to:

- 1.1. Maintaining robust accountability for the management of the government's Tangible Capital Assets (TCA).
- 1.2. Gathering and maintaining information needed to prepare financial statements in accordance with the Public Sector Accounting Standards (PSAS) and other international best practices.
- 1.3. Fulfilling this requirement includes accounting for and reporting TCAs in compliance with CPA Canada Public Sector Accounting Standards Section PS 3150.
- 1.4. Fulfilling this requirement includes accounting for International Standards Organization (ISO) 55000 Asset Management Principles.

2. Purpose

The purpose of this Council policy (policy) is to:

- 2.1. Establish transparent and compliant management of the City of Grande Prairie's TCAs in accordance with the PSAS PS 3150 standard and the ISO 55000 Asset Management Principles.
- 2.2. Provide clear direction and guidelines for the acquisition, maintenance, reporting, and disposal of TCAs, ensuring that financial statements accurately reflect the City's investment in property, plant and equipment.

3. Scope

- 3.1. This policy applies to all City departments, boards and commissions, agencies and other organizations falling within the reporting entity of the City.

COUNCIL POLICY

Tangible Capital Assets

4. Definitions

In this policy:

- 4.1. **"Asset Management"** means the systematic and coordinated activities and practices of an organization aimed at achieving optimal and sustainable outcomes in alignment with its objectives. This involves the cost-effective lifecycle management of a wide range of assets, including both tangible and intangible types, as well as individual components and complex systems.
- 4.2. **"Asset Retirement Obligations"** (ARO) means a legal or constructive obligation associated with the retirement or disposal of a TCA. It arises when an entity is obligated to perform certain actions in the future, such as removing, dismantling, restoring, or remediating an asset and its surrounding environment, as a result of acquiring, constructing, or using the asset. AROs are completed in accordance to PSAS PS 3280 – Contingent Assets and Contingent Liabilities.
- 4.3. **"City"** means the municipal corporation of The City of Grande Prairie, having authority under the *Municipal Government Act*, RSA 2000 C. M-26 and other applicable legislation. Where context requires, City also means the area included within the municipal boundaries of the City.
- 4.4. **"ISO"** means the International Standards Organization.
- 4.5. **"PSAS"** means the Public Sector Accounting Standards.
- 4.6. **"Tangible Capital Assets"** (TCA) means a substantial economic resource managed by governmental entities, playing a pivotal role in the execution of numerous government programs. Tangible Capital Assets encompass a diverse array of items, including but not limited to roads, buildings, vehicles, equipment, land, utility systems, computer hardware, software, and bridges. TCAs are non-financial assets with physical substance that:
 - 4.6.1. Are utilized for producing or providing goods and services, leasing or renting to others, administrative functions, or the development, construction, maintenance, or repair of other TCAs.
 - 4.6.2. Possess useful economic lifespans extending beyond a single accounting period.
 - 4.6.3. Are employed on an ongoing basis.
 - 4.6.4. Are not held for sale as part of regular operations.
 - 4.6.5. Any assets under capital lease from a third party that meet the criteria outlined above.

5. General Principles

- 5.1. **Alignment with PSAS PS 3150 and ISO 55000**
 - 5.1.1. The policy aims to align the City's TCA management practices with the PSAS PS 3150 standard for financial reporting and the ISO 55000 standard for Asset Management.

COUNCIL POLICY

Tangible Capital Assets

5.1.2. By adhering to these standards, the City ensures accurate and consistent reporting, effective asset utilization and long-term value preservation.

5.2. Optimal Asset Performance

5.2.1. By incorporating ISO 55000 principles, the policy supports the establishment of efficient and effective Asset Management practices. This includes strategic asset planning, risk assessment, performance optimization, and maintenance strategies that contribute to the longevity and reliability of TCAs.

5.3. Accountability and Compliance

5.3.1. The policy assigns clear responsibilities for TCA management across the organization, ensuring that all departments, boards, commissions, agencies, and related entities within the City's reporting entity adhere to standardized processes and practices.

5.3.2. This fosters accountability, compliance with regulations, and sound governance.

5.4. Long-Term Value Creation

5.4.1. Through proper acquisition, maintenance, and disposal of TCAs, the policy aims to enhance the long-term value of the City's assets. By aligning with ISO 55000's Asset Management principles, the City can make informed decisions that contribute to sustained asset performance and value creation.

5.5. Asset Retirement Obligations

5.5.1. Addressing ARO in line with the requirements of relevant accounting standards, such as the PSAS Section PS 3280 - Contingent Assets and Contingent Liabilities.

5.5.2. An ARO arises when TCAs are expected to require future removal, restoration, or environmental remediation activities upon retirement.

5.5.3. The City shall identify and recognize AROs associated with TCAs in accordance with PSAS Section PS 3280. This includes assessing the legal, contractual and constructive obligations that arise from the acquisition, construction, development or normal use of assets.

5.5.4. The City shall measure AROs at their fair value, considering the present value of expected future cash flows required to settle the obligation. This estimation shall account for factors such as inflation, discount rates, timing of cash flows and legal requirements.

5.5.5. Upon recognition, AROs shall be recorded as liabilities and the corresponding TCA shall be adjusted. The City shall diligently document the ARO, its fair value estimation and any changes over time.

5.5.6. The City shall reassess and adjust the ARO's fair value estimation as circumstances change. Any changes shall be appropriately reflected in the financial statements. The City shall provide transparent and meaningful disclosures regarding the nature, timing, and
